

INTERMEDIATE GENERAL LIABILITY INSURANCE

Course Description

This course will provide delegates with a detailed knowledge of Liability Policy wordings, including current case law relating to interpretation, detail and trends in the law relating to insured liabilities, emerging risks, and current issues relating to claims handling.

Target Audience

This course will be of interest to anyone with a working knowledge of Liability business and who wishes to enhance that knowledge and learn of some of the latest legal developments and the impact of emerging risks.

Course Objectives

On completion of the course delegates will:

- Be aware of the legal interpretation of aspects of Policy Wordings
- Have an understanding of the case law and trends relating to insured liabilities
- Understand how General Liability policies relate to other forms of liability covers such as Professional Indemnity, Directors and Officers, Environmental Impairment, and Employment Practices Liability
- Have an understanding of some of emerging risks and how to deal with them.

Course Format

The course will be in the form of an interactive workshop with presentations, exercises and case studies.
